

Shopping Centre OC FUTURUM

Ruukki's customer was looking for a non-standard steel frame installation and corresponding wall and roof components.

Ruukki's customer was looking for a non-standard steel frame installation and corresponding wall and roof components.

Ruukki delivered the steel frame with installation service, sandwich panels for walls and the T135 profile for the roof of the Futurum shopping and entertainment centre.

The customer was satisfied with the unique solution for frame installation provided by Ruukki.
