Profiled sheet Ruukki T35

When looks and price matter

Ruukki T35 profile is a typical trapezoidal profile with an increased height, additionally having longitudinal ribbing increasing the stiffness of the sheet. The expressive shape of the profile makes the product perfect for large roof slopes, i.e. commercial, industrial and service facilities. Ruukki T35 trapezoidal sheet profile is available in the roof and facade options.

Two additional colors are available for the polyester coating in Ruukki 30 quality class - white and silver.
