

Ruukki Classic LowCarbon

Choose a roof with significantly smaller carbon footprint

Ruukki Classic LowCarbon roof takes a substantial move towards manufacturing roofs free from fossil fuel dependency. Our plants are energy and resource efficient, we optimize packaging materials and strive to transport our products with less emissions.

Made from recycled SSAB Zero steel with a bio-based coating, Ruukki Classic LowCarbon roof promotes circular economy principles by minimizing environmental impact.

Be among the firsts to drive carbon neutrality!

Ruukki Classic LowCarbon is available in Ruukki 50, has a 50-year technical warranty and deserves its place in the premium product category.

Properties

Product code	SR35-475C
Seam Height	32 mm
Effective width	475 mm
Total width	512 mm
Maximum length	10000 mm
Minimum length	1000 mm
Material thickness / weight per m2	0.5 mm / 5.2 kg
Sales unit	m ²
Minimum Slope Distance	8°

Coatings and colors

RR2H3 Anthracite
