

Barona Avialogis Logistics Center

The logistics center's fresh and modern color scheme attracts attention close to Ring Road III, close to Helsinki-Vantaa airport . We delivered sandwich panels for external and partition walls.

- > Architect office: Arkitehtuuritoimisto ARK Lab Oy
- > Installation company: Kalajoen Teollisuuseristys Oy
- > Ruukki delivery year: 2022

The delivery reliability and availability of special colors were our advantages when choosing a product supplier. Avialogis offers the most modern storage solutions for companies of all sizes and ready-made concepts for online retailers.

In this building we have used GreenCoat® - A Nordic quality sustainable steel from SSAB.
