

Cadbury Polska Factory

Ruukki participated in the investment providing project management services, sandwich panel delivery and assembly. This project is a good example of Ruukki's further strategic progress towards project and system delivery management.

Partners

➤ Customer: Cadbury Polska

A new factory of Cadbury Polska was opened in Skarbimierz near Brzeg. This chewing gum plant is the biggest investment in Polish food industry since mid-90s.

Ruukki participated in the investment providing project management services, sandwich panel delivery and assembly. This project is a good example of Ruukki's further strategic progress towards project and system delivery management.

Thanks to the application of sandwich panels as wall material, the construction period was significantly shortened. Panels in the total amount of 20,000 m² were manufactured in Ruukki's plant in Oborniki Wlkp, Poland.
