- > Year: 2021

In this building we have used **GreenCoat®** - A Nordic quality sustainable steel from SSAB.

***GREENCOAT®***  
***COLORFUL STEEL***

[Read more about about GreenCoat® here](#)

We helped to realize architect's vision from design to the ready solution, both technically and visually. Also cooperation with the construction professionals worked very well. The construction company had full confidence in us from the design to the final implementation of the project.

See how the building looks in a short video:
