

Padel Arena - Sports hall in Sweden

Ruukki® Patina panels, with a Cor-Ten® steel surface, have been used in the new Padel Arena in Östersund, Sweden. Cor-Ten® steel acquires a natural patina over time and revitalizes the look of a building.

Padel has become a form of social interaction and networking. Opened officially in late winter 2022, Padel Arena in Östersund has six padel courts and facilities include a shop, café, sauna section and conference facilities. The floor area is 1,860 m², of which an area of 300 m² serves as a two-story entrance lobby. LRD Fastigheter AB owns the property owner and Padel Arena Östersund AB runs the business side.
