

Power Tammisto – Retail Store in Vantaa, Finland

The largest Power retail store in Finland, covering over 6,000 m², was opened in June 2024 in Tammisto, Vantaa. Ruukki supplied 70% of all the facade products used in the project.

Partners

Developer: Power Finland Oy

Architect: DOMOS Arkkitehdit Oy

Construction company: Jatke Oy

Installation company: GF-Service Etelä Oy

Year: 2024

GF-Service Etelä Oy handled the complete facade installation. "The building is large, with the facade covering approximately 3,000 m². We also utilized SSAB steel for the custom trims we manufactured in-house."

"We have a long-standing partnership with Ruukki, with reliable contacts and a streamlined process. The products consistently meet our expectations, and any issues that arise are addressed promptly and effectively. While there is always room for improvement, and each project offers new learning opportunities, the Power Tammisto project was completed successfully, despite challenges with installations and product planning."

Jani Lehtonen, Project Management, GF-Service Etelä Oy
