

## Smetanova shopping gallery Vsetín in Czech republic

This is one of the biggest investments in history of Vsetín city after the Velvet revolution. Situated just next to the train station it's a good starting point for travelers. We delivered perforated rainscreen panels Ruukki Liberta® Original 102 with a theme of trees to this building.

Vsetín is a small city in the Northeast Moravia, Czech republic and it is an important transport hub. Smetanova shopping gallery is situated in the city center, just next to the train station. The building with its aluminum 3D facade with a silhouette of trees, which symbolically overgrew the whole facade is a great starting point for all travelers coming to town by train. It's a place not only for shopping but also for sport, relax and entertainment. There are 33 stores, hotel, wellness and fitness, cinema, restaurant and bowling.
