ViaJur Wine Shop in Svätý Jur, Slovakia

ViaJur winery is closely connected with the history of the Manor house Pálffy, where winegrowers and winemakers have been producing wine since the 15th century. Recently renovated manor house and cellars also include a Cor-Ten® wine shop building.

Ruukki supplied custom-made Ruukki Liberta® Cor-Ten 700 rainscreen panels, some of which are perforated, fot the wine shop building.
The delivery also included special perforated Cor-Ten elements used for shutters. The wine shop is a visual connection of modern elements with the history of the area and fits beautifully into the area of the manor house and cellars.
