

Commercial building – Business Centre Westeri

The building's facade has been partially enveloped with Ruukki's Liberta Elegant 500 facade cassettes in gold (RR42), a rarely-used colour. The colour brings a special dignity to the building and balances its blue-toned glass surfaces. The overall impression is modern and invigorating.

Completed in the spring of 2018, Westeri is a business centre in the Tesomajärvi district of Tampere. K-Supermarket Westeri is the main store in the building, and there are many other businesses operating in connection with the store. Westeri's facilities also include the City of Tampere wellness centre, which includes the Tesoma Library, youth centre and other services.
